## Eisenhower Suggests He Might Run Again

'Teaser' Remark Focuses Attention On Speeches Today

WITH EISENHOWER IN NEW HAMPSHIRE (P)-President Eisenhower's "teaser" suggestion he might seek a second term focused close attention today on his tour of New Hampshire-first state to upport him in the 1952 primaries.

The President has two more speaking engagements in the Granite State-one at Lincoln, the other at Franconia Notch - and there was plenty of advance speculation whether he might deal again with the big question: Will he run again?

He dealt with it in only a teasng way in a speech late Thursday at Concord, N. H., but it completely surprised his police - estimated audience of 15,000 persons in State House Plaza.

There was no shred of certainty afterward whether he was just having a bit of fun—or whether he had meant to put across the idea that he is in the market for another term. Many of his listeners were inclined to the latter idea.

IT CAME about this way: The President had been telling the New Hampshire crowd how Sherman Adams, former governor of

### Should Stop Secretary Of State Lists Major Problems For Geneva Talks SAN FRANCISCO (A)--Secretary of State John Foster Dulles told Russia in blunt language today that the way to end the cold war is to stop using force against other countries and to stop supporting

**Use Of Force** 

And Subversion

In a stinging attack on commu nism, Dulles declared: "To bring the cold war to an

end, seven points are not needed; this one is sufficient." The secretary spoke at the U. N.'s 10th anniversary meeting, which Wednesday heard Soviet Foreign Minister V. M. Molotov

propose a seven-point program to liquidate the cold war. DULLES PULLED no punches as he reviewed the role of comagreed with Molotov that some problems had been settled recently, but he said they would have

for the Communists. "We do no forget," he said, we dare not forget, that some of those who now hail the recent developments are precisely those

major problems. Then, in sarcastic language, he 1 ok up the problems which Molomunist aggression.

THEN DULLES listed five major problems, which he hinted he would like to see tackled by the coming meeting of the Big Four in Geneva next month. He did not list them specifically as agenda items, but he enumerated them as he led into his discussion of the Geneva talks.

They are: 1. Unification of Germany. 2. The problem of the Eastern

European satellites of Russia. 3. Communist China's use of force and threats of force in Korea, Indochina and Formosa. 4. Efforts of "international

communism" to overthrow gov-

ernments by conspiracy.

5. Disarmament. "These are some of the problems that confront us as we face the future," Dulles said, "They are problems which cannot be met if we shut our eyes to them, or if we are weak, confused, or di-

vided." DULLES' SPEECH followed one of the most cordial private meetings ever held between the secretary of state and Molotov. They The guests included Mrs. George dired together Thursday at Molo-

### National President **Predicts Expansion**

Born during the depression, on ernoon, as a medical patient. March 17, 1934, and stifled by the second World War seven years later, the Order of Symposiarch is now ready for expansion, Belford F. Carpenter, the national president of the organization, told the care. members of the Washington C. H. chapter at their regular monthly meeting following dinner at the Country Club Thursday evening.

Carpenter, introduced by Charles S. Hire, who gave a chronology of his background in the lighter vein, expressed the belief that Symposiarch had survived the vicissitudes of 20 years and was now on a firm founda-

Carpenter, in giving the backsaid it stemmed from the custom of the ancient Greek philosophers the dinner tables.

He pointed out that the primary objective of the modern Order of bers a broader background of information and to discuss questions of importance and interest in much the same pattern as was followed by the ancient Greeks.

The organization has no other objectives, no code of ideals, motto ries on no crusades, Carpenter said | ment. and pointed out that the only requirement for membership is membership in a college Greek letter

IN TRACING briefly the history of the order, Carpenter said that of the 57 chapters that were established after the first one was installed in Columbus in 1934, only 26 remain active today.

The other chapters, he said, were largely casualties of, first, the depression and, second, the Memorial Hospital, Thursday aftwar. Most of those now active, the ernoon for a tonsillectomy. records revealed, were established during the last ten years since the end of the war.

The first chapters were established, he said, in cities of from 10,000 to 40,000 population, but now they are being formed in many big cities, too, cities such as Cincinnati, Cleveland, Louisville and Pittsburgh. From a small beginning, he said, the organization now has chapters in five states in the middle west.

Pierce Wright, the present ex ecutive-secretary with headquarters in Columbus, was described by Carpenter as the father of Sym- 431 East Paint Street, are anposiarch. # City Entitled To More Money from State, In

City Manager James F. Parkin-| have passed the \$200,000,000 mark, the greatest amount on record. The other announcement, by assisting the Ohio Municipal State Auditor James A. Rhodes, is League in an effort to obtain more to the effect that during the past local government funds, part of year local governments in Ohio which come from the sales tax went \$168,226,373 deeper in debt.

Parkinson points to the two sets of figures as supporting the demands of Ohio municipalities for more funds for local government. He also said that, based on figures available, indications are the state of Ohio is getting more than its fair share of income, while many municipalities are going head over heels in debt in an effort to meet constantly mounting expens-

The local government funds, which have totaled \$20,000,000 in Ohio and may be increased by \$1,000,000 this year, are totally inadequate to provide relief to municipalities they should have, Parkinson points out.

So far this year, Washington C H. has received only \$7,062.59 in lomitteemen were armed with this cal government funds, he stated. By careful planning and proper financing, Washington C. H. was Democratic-sponsored plan as they able to get by the past year withwent into a fourth straight day of out the necessity of issuing bonds for operating the city.

### College Investments And Graduates' Jobs

An interesting commentary on the confidence of American colleges in the future of the business community comes from a study of their investments. Despite the tendency to criticize big business (which is frequently called to public attention by parents who are shocked by radical teachers on the campus), the business men who handle college funds very clearly do not share this attitude.

Almost one half of the money owned by forty-two of our most heavily endowed universities is invested in common stocks. Harvard, Yale, Princeton, MIT, Cornell, Johns Hopkins, Pennsylvania, Stanford, and others with goodly endowments have just under fifty percent of their funds in such well-known enterprises as Standard Oil of New Jersey, Union Carbide, General Motors, American Telephone and Telegraph, and similar "blue chips". Preferred stocks and bonds account for another thirty-nine percent of their holdings, and the rest is largely involved in plant investment of the colleges themselves.

The conservative, careful business people who constitute the Boards of Trustees of these great institutions are better guides for the future than the professor who occasionally seeks to "stimulate thinking" by setting off a bomb-shell or two in the classroom.

In this general conection, it also is interesting to note that a survey of 40 colleges and universities across the United States shows that this year's graduates had trouble in deciding what job to take never had it so good.

rather in finding employment. It learned that seniors as a rule had about two or three offers to consider.

Behind the demand for the 1955 crop of degree holders are two factors. The business pace is brisker and the supply of graduates is lower, reflecting the drop in the number of veterans. The estimated 264,000 who are completing college studies this month represent a drop of 10 percent from last year and 64 percent below

Industry's scramble for 1955 graduates has resulted in some companies sending out high executives as recruiters, a task which formerly went to lower-ranking employes. And recruiting became so aggressive that some colleges were compelled to schedule time during which seniors could be interviewed.

The demand ran mostly to technical men-especially mechanical engineersbut graduates in the arts also found their popularity on the rise.

All this demand for the 1955 graduates naturally was reflected in the salaries offered. In some cases the starting pay was as much as 20 percent above last year. The minimum offers to technical graduates seems to have been around \$325 a

The new graduates' fathers, witnessing the bidding for their sons' services, have reason to believe whatever sacrifices they made for their sons' educations were worthwhile. But it's safe to say the dads

## Iron-Man Driving, A Hazard

CHICAGO (P-This is the time dimmer view of his chances. of year the amateur iron-man type driver loads his family into the car and grimly whooshes off toward some far distant vacation spot.

Will he settle for 400, 500 or even 600 miles a day:

Not this character. He's a time-tested, 700 plus miles - aday demon who voraciously gobbles up those tedious distances. He carts along fruit, sandwiches and a jug fhll of coffee for the family. The normal road break for lunch is not for the likes of him. He's going places on a tight driving schedule that runs from sunup to sundown.

Will he get there in one piece? Mr. Iron-Man simply oozes self-confidence on this point. After all, he's a top-notch driver, he hasn't consumed any intoxicating liquor and hard driving doesn't make him feel sleepy or tired.

But safety experts and scientists who have studied the insidious effects of fatigue take a

If he doesn't doze off momentarily or run headlong into an emergency that calls for a hairtrigger decision and response, the experts concede he'll probably make out all right.

But whether he knows it or not, the long grind of steady driving will slow down his reaction machinery and drop his vision and hearing ability below par.

Knowledge of these slow-down effects is based on actual field and aboratory tests of the primary functions mostly closely related to hours of driving.

One such study was made by the U.S. Public Health service. Scientists tested truck drivers before and after a long stint at the wheel and after resting.

Drivers were given intricate manual tasks and then timed with a stop-watch. They also were tested for simple reaction time, reaction-coordination time, and manual steadiness. In one of these tests, the driv(Substituting for Hal Boyle)

ers grasped an object shaped like a pencil and, as rapidly as possible, alternately tapped tow small brass plates separated by a block of wood. In another, they had to jab a pointed object through a series of different sized small holes, without touching

In each of the tests, the men who had not driven since sleep made the best showing. Only 9 per cent of this group failed to measure up to a predetermined level of driving efficiency. Of the group which had driven seven hours or less, 27 per cent failed to reach the efficiency leve. But 42 per cent failed in the group which had driven 12 or

more hours. Studies conducted for the U.S. Navy by Dr. Arthur H. Steinhaus, professor of physiology and dean of George Williams College, Chicago, show that fatigue considerably reduces the ability to see, especially in dim

the Republicans.

By JAMES MARLOW Associated Press News Analyst WASHINGTON (A) - President Eisenhower can take enormous comfort from the clobbering Sen. McCarthy (R-Wis) took this week, not because it was McCarthy, but from the significance of the clobbering.

The Senate smashed 7-4 a proposal by McCarthy which would have interfered with, if it didn't wreck, Eisenhower's dealings with the Russians in the Big Four meeting in July.

The vote was in effect, an expression of confidence by an overwhelming number of senators of both parties in letting Eisenhower use his own judgment at the meeting in Geneva.

Only four Republicans, including McCarthy, voted for the proposal, All the Democrats and other Republicans on the floor at the time joined forces in refusing to tell Eisenhower what he should do or handcuff him before he started. This was the kind of bipartisan support presidents dream about but which few get on the eve of the kind of negotiations Eisenhow-

McCarthy's defeat was engineered by Sen. Lyndon B. Johnson of Texas, Democratic leader of the Senate. Standing right beside him was Sen. Knowland of California, the Republicans' Senate leader. Eisenhower has received more

### Not Such A Friendship After All

made over the "military" friendship of President Eisenhower and Marshal of the Soviet Union G. Zhukov. They have carried in their hearts, if not in political orientation, the memories of combat comrades who drank to the downfall of the enemy

So I have been reading an article on the Soviet role in World War II by the aforesaid Marshal Zhukov, as of May 8, 1955, in which he gives General Eisenhower no credit, but takes it all for himself and his country. He

"The Soviet army firmly grasped the initiative. The eattempts of the Hitlerite command in a number of battles to pluck this initiative from our hands foundered. The Soviet army, "thanks to the constant solicitude of our party, of the Soviet government, and of the whole Soviet people, overcame its enemy in all respects during all subsequent stages of the war. It was well armed for the struggle on

and and in the air. So, we, the United States, did nothing. We fought on every front; we supplied every allied garmy; we gave the Russians \$11,-000,000,000 as a free-will offeringbut we did nothing, according to

Zhukov. With political skill, rather than soldierly honesty, Marshal Zhukov refers to the period of the Hitler-Stalin alliance as "the complicated and difficult situation." It was the period when Hitler was able to walk through France; it was the period when Great Britain stood alone for a year, taking a beating in a state of siege. But to Zhukov it is only a "complicated and difficult sit-

Of the Second World War, Zhukov says:

"The Second World War, prepared by the forces of international imperialist reaction, was unleashed by the block of fascist states: Germany, Japan and It-

Quite a little fuss has been aly. The ruling circles of the United States, Britain, and France, striving to direct the aggression of German fascism and Japanese imperialism against the USSR, commived by all means with the aggressors, but they miscalculated seriously."

This is an amazing interpretation of history. It was Russia that was in alliance with Nazi Germany. Surely the United States was not in alliance with Nazi Germany, nor was Great Britain or France. It was Soviet Russia and Nazi Germany that concluded the Molotov-Ribbentrop pact to divide the world imperialistically. Surely, it was not the United States that had any such pacts. What kind of a man is this general who tells such tales? Is he utterly ignorant of the hostory of his own country and his own times or is he merely a stuffed and bemedaled robot siring an article prepared by propagandists? And is this the "friend" upon whom we are to

Marshal Zhukov's explanation of what has happened since 1945 is naive or brazen, as you choose, but it is obviously not the truth. This is what he said:

"The ruling cirles of the United States and Britain, fearing that other nations of the capitalist world would follow the example of the peoples of those countries, took an open course for the liquidation of democratic freedoms in all states which remained within the orbit of their

'At the same time, they started preparations for a new war against the USSR and the people's democracies having trodden underfoot the obligations undertaken during the period of struggle the common enemy. Such a policy of the U S. and British imperialist circles led the world to a state of international tension. and there appeared the threat of a new world war."

The only value there can be in reproducing this stuff is to make t clear that the man is not a friend of the United States. For some reason, not quite clear, after Khrushchev seized power in Soviet Russia, Zhukov got a terrific build-up in this country There was no exchange of correspondence between him and of their personal friendship; wartime stories were retailed He is supposed to be the very strong | disinfectants or anything else, but | Krushchev showed that he is the still," he remarked.

By George Sokolsky

boss and no one else. In a lon article in "Pravda," entitled "The 10th Anniversary of "The 10th Anniversary of the Great Victory," Zhukov does not glorify friendship but minimizes the role of the United States in the most costly war in our history in which Russia was supposed to be our ally.

### Ike's Reserve **Program Seen** Given Approval

WASHINGTON (P)-Rep. Brooks (D-La) predicted today a revised version of President Eisenhower's stalemated military reserve program will pass the House next

week "with no trouble. But Rep. Powell (D-NY) declared the new measure is "worse than before" and faces another strong fight over racial segregation issues.

A House Armed Services subcommittee, headed by Brooks, yesterday voted 11-1 to approve a new compromise bill. It is designed to break an impasse created a month ago by Powell's amendment to bar assignment of reservists to segregated National Guard

In an effort to avoid this issue, the new measure avoid all mention of the National Guard, although Guard spokesmen say they need additional manpower. It also contains softer language

in authorizing the Pentagon to es-

tablish a new six months' training

program for teen-agers volunteering for the reserves. The evident purpose is to avoid the parliamentary tangle which House leaders say permitted opponents virtually to kill the bill before by supporting Powell's antisegregation amendment. This alienated Southerners needed to

### Vaccinated Dayton Boy Suffers Polio

AYTON (A)-Montgomery County has counted its first case of polio in a child who had received one shot of Salk vaccine earlier

A six-year-old boy, admitted to Miami Valley Hospital Saturday, was in fair condition with a diagnosed case of paralytic polio. The boy received the first polio inoculation in April.

Medical officials here say there is practically no chance the vaccine could have had anything to do with the boy contracting the disease.

# Sewer Cleaning Co.

City Manager James F. Parkinson is in receipt of a bid by the Thomas Drain Service Co., of Akron, to clean the interceptor sewers here as the first step toward reducing pollution of Paint Creek by more efficient operation of the sewage disposal plant.

The bid of the company, which furnishes all equipment, and is backed by years of experience, is -9.50 per hour. The total estimated cost of the work is \$3,000.

The sewer has reached a point where it is in need of cleaning it is announced, in order that it func-

Once cleaned, it is expected the sewers will handle a much larger volume of water than at present. Repair of leaks is included in the work planned for the interceptor

### Man Discovers He Bought Street

SALT LAKE CITY (P)-Brigham Krause bought a piece of property at a tax delinquency sale. Now he finds he owns a street.

Wednesday he asked the Salt Lake County Commission what he should do with it. The commission didn't know. The problem was turned over to the county attorney's office. They don't know how the street got sold either.

### Ohio Apprenticeship Council Names Chief

COLUMBUS (P) - Theodore J. Haas, Cleveland manufacturing executive has been elected chairman of the Ohio State Apprenticeship Council, the Ohio Department of Industrial Relations reports.

Haas succeeds Ray J. Flory, Toledo labor leader, Robert Mason, general manager of a Marion ralio station is vice chairman,

The apprenticeship council is set up under the industrial relations department, and is composed of three representatives each from labor, management and the public. Haas represents management, and Mason represents the public. The council establishes policies training programs.

### Labor's Gains Seen Boon To Tool Makers

Building Industry **Expects More Orders** From New Contracts

By SAM DAWSON NEW YORK (A)-Labor's gains this year in wages and fringe benefits is a boon to the machinery and tool makers. The construction industry too, looks for a new round of factory building.

The reason is: As labor costs climb, industry seeks ways to cut costs. One way is to weed out inefficiencies in present operations. Another, which can go hand in hand with the first, is to build new, more efficient plant or install machinery that can do much of the work now done by men.

That is why the auto industry one week signs costly agreements with the union - including the fringe benefit of a form of guaranteed wage, costing five cents an hour per man - and the next week announces costly construction

There are other reasons, of the American public is going to buy the American public is giing to buy buying spree isn't just a fluke but year and the next.

them to turn out more products per everyone's life.' man hour worked. This goes by the term, increased productivity.

The auto companies take it into account in their contracts with the union, where it is called the improvement factor. This provision increases the hourly pay scale by about six cents each year, recognizing that each year the worker losis in school? will be turning out more end products per hour worked, thanks to the new tools he'll be using.

### State Department Passport View Hit

WASHINGTON (P) - The U. S. Court of Appeals today rejected the State Department's claim of exclusive control over issuance of

The court ruled in a unanimous decision that the department's acions in passport cases are subject to judicial review and must conform to the "due process" provision of the Fifth Amendment,

The court held that issuance of a passport "is not a purely political matter" involving foreign affairs. The court said "freedom to leave a country or a hemisphere is as much a part of liberty as freedom to leave a state."

### Harness Race Speed Shows Fast Stepup

COLUMBUS - Harness racing speed valves are being opened to

pacers and two trotters have ever find an apartment. the first two rounds except that beaten 2:01 over a half mile track. Mass., home, said, "There's no Olson, heaviest of his career at Yet, in the course of the last weekend the feat was accomplished by stepped away instead of piling on three horses racing at three differ-

> The new members of the honor Philip Scott and Roadmaster.

Philip Scott got the parade off winging last Friday with a 2:00 4 performance in the \$15,000 Laurel Invitational at Laurel, Md. The 7year-old star, owned by Percy and Jere Gray and George Reed of E. Providence, R. I., also established a new half mile track record for himself, his best previous mark having been 2:01.1.

The 2:01 mark was beaten twice the following night with Adios Harry going in 1:59.2 at Roosevelt Raceway and Roadmaster in 2:00.4 at Buffalo Raceway.

Adios Harry, pitted against Adios Boy in a match race, set a new world's record for a 4-year-old as he posted the second fastest mile ever registered over a half-mile oval. The record is 1:58.3 hung out in 1953 by Hi-Lo's Forbes. Roadmaster, property of L. A.

Hawkins, Forestville, N. Y., carv ed out a new Buffalo Raceway record with his 2:00.4 mile at that oval. The former track record of 2:01 was set by Good Time in 1952. Roadmaster's best previous halfmile track mark was 2:03.1.

### **Best Fishing** Reported Up On Lake Erie

COLUMBUS (A)-If you're going fishing this weekend in the Lake Erie section of northwestern Ohio, you'll probably have no trouble landing whitebass, perch and pick

These fish are biting good, the state division of wildlife reports, but even better fishing is expect ed in later weeks.

In its weekly report on Ohio's fishing prospects, the division is forecast for sections other than Lake Erie looks like this:

Northwestern: Fishing only fair because of extremely warm weather, but most lakes and streams clear and normal, Lake St. Marys vielding catfish and crappies. An Oxbow Lake in Defiance County reports good catches of bass.

Southeastern: Practically lakes clear and normal, with considerable numbers of bass, blue ills, catfish and crappies taken from such lakes as Burr Oak, Piedmont, Atwood, Leesville, Glendening and Tappan. Most streams roily but clearing.

Central and southern: Central streams roily due to local rains, but may clear for weekend. Best lick Creek, Big and Little Walnut and Kokosin River. Buckeye Lake in fair fising condition as are Rocky Fork, Jackson and Knox Lakes; weekend outlook fair.

Southeastern: All streams clear, as are such lakes as Kiser, Grant, Stonelick, Cowan, Indian and Lora

### Baby Is Left At Boarding House

LOUISVILLE, Ky. (A)-On June a new high this year, according to 12, a man identifying himself as explosive punches have accom quarters of a million dollars. I'll desperately to get to his feet. But U. S. Trotting Association officials Mr. Bowman telephoned Mrs Elplished what all his oratory could sit down and talk to Al Weill his brain was numbed and his who report that a trio of fast pac- len Faford's boarding home and not-earned him a shot at Rocky (Marciano's manager) and Char- legs wouldn't respond as Referee ing miles over the last weekend asked if he could leave his son ley Johnston (Moore's manager) Ruby Goldstein tolled the full are without precedent in the sport Larry for five days. He explained In more than a century, only 13 he and his wife needed time to

> Shortly thereafter, Bowman and a young woman appeared, handed Mrs. Faford the money for five days' care and left a boy about 10 months old.

The couple hasn't returned. Mrs. Faford has handed Larry over to Children's Center in hopes it can trace the parents.

### **Cubs Edge Out** Flashes, 8-6

Win Moves Cubs Up From League Cellar

The Sunshine Cubs climbed out

day evening at the expense of the Record-Herald Flashes, whipping the Flashes 8-6.

The loss dropped the Flashes into the last-place spot just vacated by the Cubs

The Record-Herald team got off to a big lead in the first two innings, scoring all its 6 runs while the Cubs pushed across only two. But from there, the Cubs kept right on going while the Flashes stood still.

Damon Baker started on the mound for the winners, with Roger Thornburg taking over in the second to become the winning pitcher. Eddie Lee pitched the first three innings for the Flashes to take the loss. Harold Jones relieved in the three innings.

lender had one hit apiece.

well each hit safely once.

Good fielding by the Cubs saved a number of other hits. The Cubs miscued only twice in the field, while the Flashes were charged with five errors.

Get on the BANDWAGON!

We're "Sell-a-brating" with Leadership Deals

55 Hords! on brand new

Summer

Bandwagon Sell-a-bration

Now going on!

All year long we've been selling new Fords at a Leadership pace. Now we're "Sell-a-brating" in advance what looks like the most successful sales year in Ford history. We're offering Leadership deals on all '55 Fords-so you share the benefit

Why not hop on the Ford Bandwagon—join the big swing to Ford -get in on a deal that spells savings to you-now while our summer "Sell-a-bration" is in full swing-now while your present car is worth more - now while you can enjoy a full summer of fun in America's trend-setting, "GO"-leading, "worth-more" car-the brilliant '55 Ford. Come in at your earliest—come get our "best"!

Sells more because it's worth more FORD

V-8 POWER from the V-8 leader . . . that's what you get in a Ford. And Ford's Trigger-Torque "go" means more than just trigger-quick action on take-offs. It gives you a whole new feeling of confidence and security in traffic or on the open road.

YEARS-AHEAD LOOKS ... you see it in every Thunderbird-inspired line. For, this '55 Ford is truly the styling "trend-setter." Perhaps you've noticed, too, you see more and more Fords in front of homes where formerly only costlier cars were parked.

> SMOOTHER GOING . . . and you'll go more places! The reason? Ford's revolutionary Ball-Joint Front Suspension is better than ever. For '55, springs are tilted back to absorb bumps from the front as well as up and down. You'll find even the smooth roads seem smoother!

### ODAY'S GARDEN-GRAPH

### Shade Tolerant Shrubs

By DEAN HALLIDAY

Distributed by Central Press Association IN many, many home gardens in color. Even the stems and shady areas present a perennial planting problem. If, however, the areas lend themselves to shrub plantings there are two candidates for the job. One is known as Sweet Shrub, the other is the Purple Leaf Filbert.

The heavily veined leaf of the Purple Leaf Filbert is shown in the accompanying Garden-Graph, as is the unique flower of the Sweet Shrub. The Sweet Shrub will flourish

It needs room to grow from three to six feet high, and its tendency is toward open growth. This shrub is also known as Strawberry Shrub because of the strawberry fragrance of its odd

small branches of this shrub will give off a spicy scent when bruised or broken. The Purple Leaf Filbert is an

ornamental shrub grown principally for its foliage effect, but it does well in shade. However, it grows about 15 feet high. It is a well shaped shrub and attracts favorable attention on account of its heavily veined foliage which is a purplish-red in color.

Home gardeners usually expect a lot from their shrubs but too often their feeding is neglected. in dense shade and in wet spots. If shrubs are planted under trees, as they often are, it becomes necessary to supply sufficient food, not only for the shrubs themselves, but for the trees as

For Masons Here

Masons and their families are to attend worship services Sunday morning at the First Presbyterian ed. Church here, Paul Mohr, the wor- TO TRANSFER PROPERTY shipful master of the lodge here. said the Masons are to gather at the Temple on Main Street not later has been granted by the probate than 10:15 Sunday morning and court. then walk in a group to the church a little more than three blocks

Mohr explained that the families either could accompany the Masons to the Temple and walk to the church with them or meet them at the church.

Arrangements have been made for the Masons and their families to occupy special pews.

Mohr said Masonic officers ex pected "around 100" to attend the services. This estimate was based

ed services at the Presbyterian Church here together. The first time was for the Easter sunrise thorized.

They are to attend the services conducted by Rev. Harold J. Braden, the pastor at the suggestion of the grand master of Ohio, Ed-

Mohr said this service was selected because next Sunday will be St. John's Day-in honor of St. John the Baptist-which has special significance to the Masonic Order

The other St. John's Day-honoring St. John the Evangelist and another of the Masonic saints-was served with church attendance by the lodge here.

The master of the lodge here ex- unidentified today. plained that an effort is made to

### Albert S. Jones **Funeral Services**

Funeral services for Albert S. (Mose) Jones, were held Thursday at 2 P. M. at the Gerstner Funeral Home, with Rev. Ernest Beverly, pastor of the House of Prayer at Octa, in charge.

Rev. Beverly read the scriptures, offered prayer, read a memoir and delivered the sermon.

Mrs. Lida Rumer and Mrs. Gladys Sibole sang the hymns: "I'll be Listening", "No Disappointment in Heaven" and "Beyond The Sunset." Mrs. Rumer

played the piano accompaniment. The flowers were cared for by the pallbearers who were: Ray Maynard, Eli Craig, Howard Jefferson, Howard Nessell, Neil Helfrich, and Charles Brown. Interment was in the family lot

in the Washington C. H. Cemetery.

ENDS LONG JOB

CHILLICOTHE—After serving 55 years as recorder of the Chillicothe Council of Royal and Select Masons, J. William Best was honored with a gift of a gold watch, upon his retirement.

### By Stanley Officials Here Go To Meeting

Sheriff Orland Hays and J. Roush Burton, president of the First National Bank attended a "bank robbery institute" held at Chillicothe Thursday with two score bank officials and law enforcement officers in attendance.

Following a dinner at Warner Hotel, the group went to the West Fifth Street School Auditorium, where the conference was held, with representatives of the FBI and other officers giving information of what to do in case of a bank robbery.

An FBI official said that the conference, one of several held in Ohio recently, was "designed to pool experiences and information of the FBI, police, bank officials. sheriffs and state patrol so robbery cases may be more easily solved"

Representatives of law enforcement groups and banks were present from Fayette, Ross, Pickaway Pike, Vinton and Jackson counties

What's Really In The Bottle

When you get a prescription filled, do you see what's

really in that small bottle? Those pills or capsules, sim-

ple as they may look, often are the product of some of the

best scientific minds of our time. They may represent years

of effort by chemists, bacteriologists, biochemists, and other

highly trained specialists. Many of the "wonder drugs" that

we take for granted so quickly are miracles of research and

few years ago, if you can remember, we had no very effective

drugs for pneumonia, or strep throat, or hundreds of other

diseases. They often meant a touch-and-go fight for life,

weeks of hospital bills, and then a long convalescence without

illnesses, that little bottle of pills means you'll be up and

around in a few days. There are often no hospital bills at all.

because you can be safety treated at home. Most important

### And Subversion Should Stop Secretary Of State Lists Major Problems For Geneva Talks

**Use Of Force** 

SAN FRANCISCO (A)-Secretary of State John Foster Dulles told Russia in blunt language today that the way to end the cold war is to stop using force against other

countries and to stop supporting In a stinging attack on commu-

nism, Dulles declared: "To bring the cold war to an end, seven points are not need-

ed; this one is sufficient." The secretary spoke at the J. N.'s 10th anniversary meeting, which Wednesday heard Soviet Foreign Minister V. M. Molotov propose a seven-point program to iquidate the cold war,

DULLES PULLED no punches as he reviewed the role of communism in recent history. He agreed with Molotov that some problems had been settled recently, but he said they would have been settled years earlier except

for the Communists. "We do no forget," he said 'we dare not forget, that some of those who now hail the recent developments are precisely those who for years sought to stop

Dulles strongly defended the North Atlantic Treaty Organization and other regional organizations which Molotov blamed for much of the trouble today. These organizations were based on the spirit of the U. N. Charter, he After the installation ceremony, backed by these organizations, said, and it was Western strength, the past presidents of all three which had led to the solution of major problems.

Then, in sarcastic language, he units' progress under their admin- tov had listed in his speech as having been solved. The Korean munist aggression.

THEN DULLES listed five major problems, which he hinted he would like to see tackled by the coming meeting of the Big Four in Geneva next month. He did not list them specifically as agenda items, but he enumerated them as he led into his discussion of the Geneva talks.

They are: 1. Unification of Germany. 2. The problem of the Eastern

European satellites of Russia. 3. Communist China's use of force and threats of force in Korea, Indochina and Formosa.

4. Efforts of "international communism" to overthrow governments by conspiracy. 5. Disarmament.

"These are some of the problems that confront us as we face the future," Dulles said "They are problems which cannot be met if we shut our eyes to them, or if we are weak, confused, or divided."

DULLES' SPEECH followed one of the most cordial private meetings ever held between the secretary of state and Molotov. They

### National President Predicts Expansion

Born during the depression, on ernoon, as a medical patient. March 17, 1934, and stifled by the second World War seven years later, the Order of Symposiarch is now ready for expansion, Belford F Carpenter, the national president of the organization, told the care. members of the Washington C. H. chapter at their regular monthly meeting following dinner at the Country Club Thursday evening.

Carpenter, introduced by Charles S. Hire, who gave a chronology of his background in the lighter vein, expressed the belief that Symposiarch had survived the vicissitudes of 20 years | medical care. and was now on a firm founda-

Carpenter, in giving the backsaid it stemmed from the custom of the ancient Greek philosophers

the dinner tables. He pointed out that the primary Symposiarch is to give its members a broader background of information and to discuss questions of importance and interest in much the same pattern as was followed

by the ancient Greeks. The organization has no other objectives, no code of ideals, motto ries on no crusades, Carpenter said | ment. and pointed out that the only requirement for membership is membership in a college Greek letter fraternity.

IN TRACING briefly the history of the order, Carpenter said that of the 57 chapters that were established after the first one was installed in Columbus in 1934, only 26 remain active today.

The other chapters, he said, were largely casualties of, first, the depression and, second, the war. Most of those now active, the records revealed, were established during the last ten years since the end of the war.

The first chapters were established, he said, in cities of from 10,000 to 40,000 population, but now they are being formed in many big cities, too, cities such as Cincinnati, Cleveland, Louisville and Pittsburgh. From a small beginning, he said, the organization now has chapters in five states in the middle west.

Pierce Wright, the present executive-secretary with headquar ters in Columbus, was described posiarch. He said it was Wright nouncing the birth of a seven who had the vision and the dream pound nine ounce daughter, Cynand saw the possibilities and the thia Jean, in Memorial Hospital. need for such an organization and Friday at 3:55 A. M. had virtually dedicated his life to the Order of Symposiarch.

The national president then outlined briefly the plans for expansion the board of directors has under consideration.

At the start of the meeting, Hugh B. Sollars, the president of the chapter, noted that this is the 100th birthday of Sigma Chi fraternity, formed in Oxford at Miami University, called the mother of fraternities in the mid-

Judge Max G. Dice gave a brief Sigma Chi in the chapter here, a serious illness. round of applause

However, by odd coincidence, the only two guests at the meeting at the Meade Paper Co. plant in were members of Sigma Chi. They were W. Selsor Fenner of Melbourne, Fla., a Sigma Chi from Ohio State University and Andrew Sparks, city, a Sigma Chi from

### College Investments And Graduates' Jobs

An interesting commentary on the confidence of American colleges in the future of the business community comes from a study of their investments. Despite the tendency to criticize big business (which is frequently called to public attention by parents who are shocked by radical teachers on the campus), the business men who handle college funds very clearly do not share this attitude.

Almost one half of the money owned by forty-two of our most heavily endowed universities is invested in common stocks. Harvard, Yale, Princeton, MIT, Cornell, Johns Hopkins, Pennsylvania, Stanford, and others with goodly endowments have just under fifty percent of their funds in such well-known enterprises as Standard Oil of New Jersey, Union Carbide, General Motors, American Telephone and Telegraph, and similar "blue chips". Preferred stocks and bonds account for another thirty-nine percent of their holdings, and the rest is largely involved in plant investment of the colleges themselves.

The conservative, careful business people who constitute the Boards of Trustees of these great institutions are better guides for the future than the professor who occasionally seeks to "stimulate thinking" by setting off a bomb-shell or two in the

In this general conection, it also is interesting to note that a survey of 40 colleges and universities across the United States shows that this year's graduates had trouble in deciding what job to take

rather in finding employment. It learned that seniors as a rule had about two or three offers to consider.

Behind the demand for the 1955 crop of degree holders are two factors. The business pace is brisker and the supply of graduates is lower, reflecting the drop in the number of veterans. The estimated 264,000 who are completing college studies this month represent a drop of 10 percent from last year and 64 percent below

Industry's scramble for 1955 graduates has resulted in some companies sending out high executives as recruiters, a task which formerly went to lower-ranking employes. And recruiting became so aggressive that some colleges were compelled to schedule time during which seniors could

The demand ran mostly to technical men—especially mechanical engineers but graduates in the arts also found their popularity on the rise.

All this demand for the 1955 graduates naturally was reflected in the salaries offered. In some cases the starting pay was as much as 20 percent above last year. The minimum offers to technical graduates seems to have been around \$325 a

The new graduates' fathers, witnessing the bidding for their sons' services, have reason to believe whatever sacrifices they made for their sons' educations were worthwhile. But it's safe to say the dads never had it so good.

### Iron-Man Driving, A Hazard

CHICAGO (A)-This is the time dimmer view of his chances. of year the amateur iron-man type driver loads his family into the car and grimly whooshes off toward some far distant vaca-

Will he settle for 400, 500 or even 600 miles a day: Not this character. He's a

time-tested, 700 plus miles - aday demon who voraciously gobbles up those tedious distances. He carts along fruit, sand-

wiches and a jug fhll of coffee for the family. The normal road break for lunch is not for the likes of him. He's going places on a tight driving schedule that runs from sunup to sundown.

Will he get there in one piece? Mr. Iron-Man simply oozes self-confidence on this point. After all, he's a top-notch driver, he hasn't consumed any intoxicating liquor and hard driving doesn't make him feel sleepy

But safety experts and scientists who have studied the in- and manual steadiness. sidious effects of fatigue take a In one of these tests, the driv-

made over the "military" friend-

ship of President Eisenhower and

Marshal of the Soviet Union G.

Zhukov. They have carried in

downfall of the enemy

If he doesn't doze off momentarily or run headlong into an emergency that calls for a hairtrigger decision and response, the experts concede he'll probably make out all right.

But whether he knows it or not, the long grind of steady driving will slow down his reaction machinery and drop his vision and hearing ability below par.

Knowledge of these slow-down effects is based on actual field and aboratory tests of the primary functions mostly closely related to hours of driving.

One such study was made by the U.S. Public Health service. Scientists tested truck drivers before and after a long stint at the wheel and after resting.

Drivers were given intricate manual tasks and then timed with a stop-watch. They also were tested for simple reaction time, reaction-coordination time,

(Substituting for Hal Boyle)

ers grasped an object shaped like a pencil and, as rapidly as possible, alternately tapped tow small brass plates separated by a block of wood. In another, they had to jab a pointed object through a series of different sized small holes, without touching

By R. Goldenstein

In each of the tests, the men who had not driven since sleep made the best showing. Only 9 per cent of this group failed to measure up to a predetermined level of driving efficiency. Of the group which had driven seven hours or less, 27 per cent failed to reach the efficiency leve. But 42 per cent failed in the group which had driven 12 or more hours.

Studies conducted for the U.S. Navy by Dr. Arthur H. Steinhaus, professor of physiology and dean of George Williams College, Chicago, show that fatigue considerably reduces the ability to see, especially in dim

### Diet and Health

Infection Common To School Children

By HERMAN N. BUNDESEN Strict attention to personal cleanliness is essential for anyone suffering from pinworm infection. It's especially important for parents to know what to do for it, since about 45 per cent of school-age children become in-

fected with pinworms. Generally, these small white worms are found in the upper part of the large intestine and cause intense itching around the rectum and frequently in the

### Medication

Piperazine is effective in treating this infection. But whatever the drug your doctor will prescribe for you or your youngster you must heed the following general instructions:

### Scrub Hands

The patient must scrub his hands and fingernails with a brush and soap after toilet and before each meal. Keep the fingernails short, because pinworms are frequently carried to the mouth or nose under fingernails. Also, keep the fingers away from the mouth and nose.

If your child is the one who is infected, be sure that he keeps all toys out of his mouth. Sterilize his metal toys in a hot ov-

The patient should take a

shower e a c h morning, washing the Republicans' Senate leader. especially well around the rectal and genitalia areas. Toilet seats should be scrubbed after use. Use a separate towel and wash-

cloth for the face. Wear snug cotton u n d e rpants

### to bed each night.

Each day change any soiled underwear, bed clothes, washcloths and towels. You can either boil all linen well or soak it in a solution of household ammonia for one hour and then rinse thoroughly. Make this solution by adding two teacups of ammonia to each 10 gallons of water.

Air out all rooms in your house

Not Such A Friendship After All Quite a little fuss has been aly. The ruling circles of the

United States, Britain, and France, striving to direct the aggression of German fascism and Japanese imperialism against the USSR, commived by all means with the aggressors, but they

miscalculated seriously.' This is an amazing interpretation of history. It was Russia that was in alliance with Nazi Germany. Surely the United States was not in alliance with Nazi Germany, nor was Great Britain or France. It was Soviet Russia and Nazi Germany that concluded the Molotov-Ribbentrop pact to divide the world imperialistically. Surely, it was not the United States that had any such pacts. What kind of a man is this general who tells such tales? Is he utterly ignorant of the hostory of his own country and his own times or is he merely a stuffed and bemedaled ro-

'friend' upon whom we are to depend? Marshal Zhukov's explanation of what has happened since 1945 is naive or brazen, as you choose, but it is obviously not the truth.

bot siring an article prepared by

propagandists? And is this the

This is what he said: "The ruling cirlces of the United States and Britain, fearing that other nations of the capitalist world would follow the example of the peoples of those countries, took an open course for the liquidation of democratic freedoms in all states which remained within the orbit of their influence

'At the same time, they started preparations for a new war against the USSR and the people's democracies having trodden underfoot the obligations undertaken during the period of struggle the common enemy. Such a policy of the U S. and British imperialist circles led the world to a state of international tension, and there appeared the threat of a new world war.

The only value there can be in reproducing this stuff is to make it clear that the man is not a friend of the United States. For some reason, not quite clear, after Khrushchev seized power in Soviet Russia, Zhukov got a terrific build-up in this country There was no exchange of cortime stories were retailed He is Krushchev showed that he is the still," he remarked.

### By George Sokolsky

boss and no one else.

In a lon article in "Pravda." entitled "The 10th Anniversary of 'The 10th Anniversary of the Great Victory," Zhukov does not glorify friendship but minimizes the role of the United States in the most costly war in our history in which Russia was sup-

### Labor's Gains Seen Boon To Tool Makers

Building Industry **Expects More Orders** From New Contracts

By SAM DAWSON

NEW YORK (A)-Labor's gains this year in wages and fringe benefits is a boon to the machinery and tool makers. The construction industry, too, looks for a new round of factory building.

The reason is: As labor costs climb, industry seeks ways to cut costs. One way is to weed out inefficiencies in present operations Another, which can go hand in hand with the first, is to build new, more efficient plant or install machinery that can do much of the work now done by men.

That is why the auto industry one week signs costly agreements with the union - including the fringe benefit of a form of guaranteed wage, costing five cents an hour per man - and the next week announces costly construction

the American public is going to buy

them to turn out more products per everyone's life. man hour worked. This goes by the Esther is certainly a walking Hilton Hotel in Beverly Hills, openterm, increased productivity.

The auto companies take it into account in their contracts with the union, where it is called the improvement factor. This provision increases the hourly pay scale by about six cents each year, recognizing that each year the worker will be turning out more end products per hour worked, thanks to the new tools he'll be using.

### State Department Passport View Hit

WASHINGTON (P) - The U. S Court of Appeals today rejected the State Department's claim of exclusive control over issuance of

The court ruled in a unanimous decision that the department's actions in passport cases are subject to judicial review and must conform to the "due process" provision of the Fifth Amendment.

The court held that issuance of passport "is not a purely political matter" involving foreign affairs. The court said "freedom to leave a country or a hemisphere is as much a part of liberty as freedom to leave a state."

the pressure as he normally does | ent tracks.

The new members of the honor roll are the pacers Adios Harry, Philip Scott and Roadmaster.

Philip Scott got the parade off winging last Friday with a 2:00 4 performance in the \$15,000 Laurel Invitational at Laurel, Md. The 7year-old star, owned by Percy and Jere Gray and George Reed of Oson had his 21-win streak lished a new half mile track recsnapped but he had about \$74,745 lished a new half mile track recsnapped but he had about \$74,745 ord for himself, his best previous on humans were "most encouraged on humans were "most encouraged or humans were "most encourage E. Providence, R. I., also estabmark having been 2:01.1.

the following night with Adios Archie, the 12-5 favorite, re-Harry going in 1:59.2 at Roosevelt Raceway and Roadmaster in

> Roadmaster, property of L. A. Hawkins, Forestville, N. Y., carv ed out a new Buffalo Raceway record with his 2:00.4 mile at that oval. The former track record of 2:01 was set by Good Time in 1952. Roadmaster's best previous halfmile track mark was 2:03.1.

# **Best Fishing**

These fish are biting good, the state division of wildlife reports, but even better fishing is expect

In its weekly report on Ohio's fishing prospects, the division is forecast for sections other than Lake Erie looks like this:

because of extremely warm weather, but most lakes and streams clear and normal. Lake St. Marys yielding catfish and crappies. And Oxbow Lake in Defiance County reports good catches of bass.

Southeastern: Practically lakes clear and normal, with considerable numbers of bass, blue ills, catfish and crappies bein taken from such lakes as Burr Oak Piedmont, Atwood, Leesville,

streams rolly due to local rains, and Kokosin River. Buckeye Lake in fair fising condition as are Rocky Fork Jackson and Knox

Southeastern: All streams clear, as are such lakes as Kiser, Grant, Stonelick, Cowan, Indian and Lora

# In First Place

Three Games Sunday On SWO Schedule

The Washington C. H. team fourth and finished off the last could move up into third place in Don Graves of the one sponsored the SWO League standing Sunday by the Main Restaurant. Evans, with three hits in four by beating the Jeffersonville outfit trips to the plate, took top batting in its game at Jeffersonville, but honors for the winners. Thornburg | the Jeffersonvillians are secure in and Swackhamer each had two for the No. 1 spot regardless of the outfour and Reno, Bray and Cal- come of this or the other two league tilts.

Halliday batted 1.000 for the los The second place Good Hope is Cubs ers, collecting a pair of hits in to play at Mt. Sterling, currently Flashes two times at bat. Juillerat had two in the SWO cellar, but even with for four and Massie, Jones and Pen- a victory could not take over the lead. Neither could it be knocked out of the No. 2 position.

However, if the Wilmington boys beat third-place Milledgeville in their game at Milledgeville they could move up into three-way tie for third place if the Washington C. H. team loses at Jeffersonville.

Sunday's schedule calls for: Good Hope at Mt. Sterling WCH at Jeffersonville

Milledgeville at Wilmington All games are slated to start at 2 o'clock.

Although the Jeffersonville outfit is winging away out in front after two months of play, the competition has been keen and is getting keener. Those first two months were marked by some lop-sided scores and also some surprising upsets

Fans have been turning out at the games in increasing numbers. too; the parks are not exactly jammed, but the crowds have been running anywhere from 150 to more than twice that many, depending on the teams involved and

Get on the BANDWAGON!

We're "Sell-a-brating" with Leadership Deals

on brand new

Fords!

Bandwagon Sell-a-bration

Now going on!

All year long we've been selling new Fords at a Leadership pace. Now we're "Sell-a-brating" in advance what looks like the most successful sales year in Ford history. We're offering Leadership deals on all '55 Fords-so you share the benefit

Why not hop on the Ford Bandwagon—join the big swing to Ford -get in on a deal that spells savings to you-now while our summer "Sell-a-bration" is in full swing-now while your present car is worth more - now while you can enjoy a full summer of fun in America's trend-setting, "GO"-leading, "worth-more" car-the brilliant '55 Ford. Come in at your earliest-come get our "best"!

135 N. Fayette St.

Sells more because it's worth more FORD

V-8 POWER from the V-8 leader . . . that's what you get in a Ford. And Ford's Trigger-Torque "go" means more than just trigger-quick action on take-offs. It gives you a whole new feeling of confidence and security in traffic or on the open road.

YEARS-AHEAD LOOKS . . . you see it in every Thunderbird-inspired line. For, this '55 Ford is truly the styling "trend-setter." Perhaps you've noticed, too, you see more and more Fords in front of homes where formerly only costlier cars were parked.

> SMOOTHER GOING . . . and you'll go more places! The reason? Ford's revolutionary Ball-Joint Front Suspension is better than ever. For '55, springs are tilted back to absorb bumps from the front as well as up and down. You'll find even the smooth roads seem smoother!

### Albert S. Jones **Funeral Services**

Funeral services for Albert S. (Mose) Jones, were held Thursday at 2 P. M. at the Gerstner Funeral Home, with Rev. Ernest Beverly pastor of the House of Prayer at Octa, in charge.

Rev. Beverly read the scriptures, offered prayer, read a memoir and delivered the sermon

Lida Rumer and Mrs. Gladys Sibole sang the hymns: "I'll be Listening", "No Disappointment in Heaven" and "Beyond The Sunset." Mrs. Rumer

played the piano accompaniment. The flowers were cared for by the pallbearers who were: Ray Maynard, Eli Craig, Howard Jefferson, Howard Nessell, Neil Helfrich, and Charles Brown.

Interment was in the family lot in the Washington C. H. Cemetery.

ENDS LONG JOB

CHILLICOTHE-After serving 55 years as recorder of the Chillicothe Council of Royal and Select Masons, J. William Best was honored with a gift of a gold watch, upon his retirement.

What's Really In The Bottle

When you get a prescription filled, do you see what's

really in that small bottle? Those pills or capsules, sim-

ple as they may look, often are the product of some of the

best scientific minds of our time. They may represent years

of effort by chemists, bacteriologists, biochemists, and other

highly trained specialists. Many of the "wonder drugs" that

we take for granted so quickly are miracles of research and

few years ago, if you can remember, we had no very effective

drugs for pneumonia, or strep throat, or hundreds of other

diseases. They often meant a touch-and-go fight for life,

weeks of hospital bills, and then a long convalescence without

illnesses, that little bottle of pills means you'll be up and

around in a few days. There are often no hospital bills at all.

because you can be safety treated at home. Most important

of all, you are not ridden with fear - of the disease. of ex-
